MATHS REPORT

In Year 2 this week we have been learning about 3D objects. The class has made them from plasticine, found examples in magazines and has identified 3 dimensional objects in the playground.

In Mathematics, Kindergarten Blue have been learning all about numbers. We have been playing fun number games and singing counting songs. We used a higher-order thinking technique called SCAMPER to modify and change the counting songs in some way. For example, the 5 Green Speckled Frogs became 5 Dolphins jumping through a wave. We also changed the ‘10 Green Bottles’ song to 10 Humpty Dumpties sitting on a wall.

Kindergarten Blue have been using concrete hands-on experiences to consolidate counting and numeral recognition. We have been learning how to write and correctly form numerals. We have also started informal recording of ‘take-away’ and additions. Students have been learning to combine groups for addition and use ‘counting on’ to find the answer. We have also learned about separating or taking away the smaller number to subtract. Our learning goals each day help us to start self-assessing how well we have learnt the day’s skill. Well done Kinder Blue!
